

The easy solution for the winding-process

Your advantages

- Easy to use
- Mobile and robust construction
- Easy to clean
- Cooling or Heating possible (Water bath / Heating plate)
- Measurement and Control Technology possible (scale, pressure, heating)
- Cheap because of Standard-parts
- Cheap in maintenance
- Custom configuration

Technical specifications

base frame	ALU-Profile / steel
Axis number	2 / 3 / 4
power connection	230 V 16 A
Control	CNC-Control (G-Code) Software (Mach3)
Connection Compressed air	Coupling plug DN 7,2
Connection vacuum pump	Hose size 8 / 10 / 12 mm

Options

Diameter bracket	80 / 120 / 150 mm
Traverse	1000-6000 mm
Axis number	2 / 3 / 4
Base	machine feet / rolls
Housing	material / doors/ colour
Tempering	Air / Infrared
coil storage	Count / Size / placement / Roving-tension
Measurement	Roving-tension / Temperature / Speed
Resign supply	Resign-bath / dosage
